

A complete planning system for cultural venues processes a lot of information. Here's Yesplan in numbers.

Up to 2019 • 1st quarter

2 852 133

Events

We know that events are the lifeblood of your venue, and they are in Yesplan too. Our software helped plan concerts, productions, meetings and more.

10 193

Users

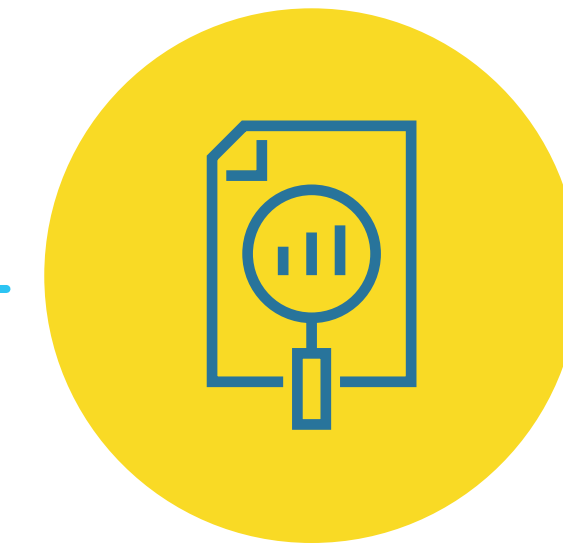

That's how many planners have used Yesplan to follow up on every detail in the events they were running.

8 341

Locations

Whether it's a production on your main stage or a rehearsal in your studio, all these different spaces and venues need a plan of attack.

920 321

Generated reports

From settlements to call sheets, Yesplan generates specialized reports using a wide array of data.

Visit www.yesplan.be to find out how we can help you plan smarter.
