

A complete planning system for cultural venues processes a lot of information.

Here's Yesplan in numbers.

up to 2024

9.003.446
Events

We understand that events are at the heart of your venue, and they are in Yesplan too. Our software makes it easy to plan concerts, productions, meetings, and beyond.

22.018
Users

That's how many venue professionals have relied on Yesplan to track every detail of their events.

18.076
Locations

Whether it's a main stage production or a studio rehearsal, every space in your venue needs a well-coordinated plan.

2.152.140
Reports

From settlements to call sheets, Yesplan creates specialised reports using a wide array of data
